(3) The Department of Education shall not exclude any student to whom an assessment was not administered in the 2019-2020 school year under division (A) of this section from counting in a district's or school's enrollment for the 2020-2021 school year pursuant to division (L)(3) of section 3314.08, division (E)(3) of section 3317.03, or division (C) of section 3326.37 of the Revised Code.

improvement. Districts and buildings so identified shall
continue to receive supports and interventions consistent with
their support and improvement plans in the 2020-2021 school
year.

(h) Provisions that determine the conditions under which
community schools may change sponsors under section 3314.034 of
the Revised Code.

the 2019-2020 school year unless the principal of the school
building in which a student is enrolled and the student's
reading teacher agree that the student is reading below grade
level and is not prepared to be promoted to the fourth grade.

(D)(1) Division (D) of this section applies to any student
who meets both of the following criteria:

enrolled, regardless of the graduation cohort in which the
student is included.

(b) The student had not completed the requirements for a
high school diploma under section 3313.61, 3313.612, or 3325.08
of the Revised Code or under Section 3 of H.B. 491 of the 132nd

If such an election is
made, the superintendent or chief administrator shall evaluate each student to whom division (D) of this section applies using the minimum curriculum specified in division (C) of this section.

(4) It is the intent of the General Assembly that school districts and other public and private schools do both of the following:

(b) Grant students who need in-person instructional experiences to complete requirements for a diploma or a career-technical education program access to school facilities as soon as it is reasonably possible after the Director of Health permits such access to resume, even if the last instructional day of the school year has already passed.

(E) For the purpose of teacher evaluations conducted under sections 3319.111 and 3319.112 of the Revised Code, no school district board of education shall use value-added progress dimension data, established under section 3302.021 of the Revised Code, from the 2019-2020 school year to measure student learning attributable to the teacher being evaluated.

The Department's rating of a sponsor for the 2019-2020 school year shall be based only on the components
listed in divisions (B)(1)(b) and (c) of that section.

In evaluating a sponsor based on the components in divisions (B)(1)(b) and (c) of section 3314.016 of the Revised Code for the 2019-2020 school year, the Department shall not find a sponsor or a school out of compliance with an applicable law or administrative rule for any requirement for an action that should have occurred while schools were closed pursuant to the Director of Health's order under section 3701.13 of the Revised Code "In Re: Order the Closure of All K-12 Schools in the State of Ohio" issued on March 14, 2020, any local board of health order, or any extension of an order.

(G) The Superintendent of Public Instruction may waive the requirement to complete any report prescribed by law that is based on data from assessments that would have been but were not administered during the 2019-2020 school year pursuant to division (A) of this section.

(H) The Department, on behalf of the State Board of Education, may issue a one-year, nonrenewable provisional license to any individual to practice in any category, type, and level for which the State Board issues a license pursuant to Title XXXIII of the Revised Code, if the individual has met all requirements for the requested license except for the requirement to pass an examination prescribed by the State Board in the subject area for which application is being made. Any individual to whom a provisional license is issued under this division shall take and pass the appropriate subject area examination prior to expiration of the license as a condition of advancing the license in the appropriate category, type, and level. The Department shall not issue a provisional license under this division that is valid on or after July 1, 2021.
(I) The Superintendent of Public Instruction may extend or waive any deadline for an action required of the State Board of Education, the Department of Education, or any person or entity licensed or regulated by the State Board or Department during the duration of the Director of Health's order under section 3701.13 of the Revised Code "In re: Order the Closure of All K-12 Schools in the State of Ohio" issued on March 14, 2020, or any local board of health order, and any extension of any order, based on the implications of COVID-19, as necessary to ensure that the safety of students, families, and communities are prioritized while continuing to ensure the efficient operation of the Department and public and private schools in this state. (7) Identification and screening of gifted students under Chapter 3324. of the Revised Code.
(J) Notwithstanding anything in the Revised Code or Administrative Code to the contrary, the Chancellor of Higher Education, in consultation with the Superintendent of Public Instruction, may waive, extend, suspend, or modify requirements of the College Credit Plus program if the Chancellor, in consultation with the Superintendent, determines the waiver, extension, suspension, or modification is necessary in response to COVID-19.

(K) The Superintendent of Public Instruction shall collaborate with providers in the 22+ Adult High School Diploma Program authorized under sections 3314.38, 3317.23, 3317.231, 3317.24, and 3345.86 of the Revised Code and the Adult Diploma Program authorized under section 3313.902 of the Revised Code, and rules adopted thereunder, to ensure that the providers have maximum flexibility to assist students whose progress in the program has been affected by the Director of Health's order to complete the requirements to earn a high school diploma. For this purpose, the State Superintendent may waive or extend deadlines, or otherwise grant providers and students flexibility, for completion of program requirements.

If a district board elects not to evaluate an employee for the 2019-2020 school year, the employee shall be considered not to have had evaluation procedures complied with pursuant to section 3319.111 of the Revised Code for purposes of section 3319.11 of the Revised Code. The district board may collaborate with any bargaining organization representing employees of the district in determining whether to complete evaluations for the 2019-2020 school year. Nothing in this section shall preclude a district board from using an evaluation completed prior to the Director of Health's order in employment decisions."

After line _____, insert:

"Section 2. This act is hereby declared to be an emergency measure necessary for the immediate preservation of the public peace, health, and safety. Prohibits the Department from publishing and issuing ratings for overall grades, components, and individual measures on the state report cards, report cards for dropout recovery schools, report cards for joint vocational school districts and
other career-technical planning districts, and submitting preliminary data for report cards for school districts and buildings.

- Restructuring under state law based on poor performance;

consultation with teachers and counselors, determines that the student has successfully completed the student's high school curriculum or individualized education program at the time of the Director's order.

Permits a district or school that has previously adopted a resolution to exceed the minimum curriculum requirements prescribed under current law to elect to require only the minimum curriculum for the purpose of determining high school graduation for the 2019-2020 school year.

Declares the intent of the General Assembly that school districts and other public and private schools continue to find ways to keep students actively engaged in learning opportunities for the remainder of the school year and to grant students who need in-person instructional experiences to complete diploma requirements or career-technical education programs to access school facilities as soon as reasonably possible after the Director of Health permits such access, even if the last instructional day of the school year has passed.

Prohibits the use of the value-added progress dimension from the 2019-2020 school year to measure student learning attributable to teachers for their performance evaluations.

For community school sponsor ratings: (1) prohibits the Department from issuing a rating for the academic performance component; (2) prohibits the use of that rating for the overall rating; and (3) prohibits the Department from finding a sponsor out of compliance with applicable laws and rules for any requirement for an action that should have occurred while schools were closed.

Permits the Superintendent of Public Instruction to waive
the requirement to complete any report based on data from assessments that were to be administered in the 2019-2020 school year.

Permits the Department to issue one-year, nonrenewable, provisional licenses to educators that have met all other requirements for the requested license except for the requirement to pass a subject area exam prescribed by the State Board. However, an educator that is issued a provisional license is required to take and pass the appropriate subject area exam prior to expiration of the license as a condition of advancing the license.

Permits a board of education to elect not to conduct evaluations of district employees, including teachers, administrators, or a superintendent for the 2019-2020 school year, if the district board determines that it would be impossible or impracticable to do so. If a district board elects not to evaluate an employee for the 2019-2020 school year, the employee shall be considered not to have had evaluation procedures complied with and shall not be penalized for the purpose of reemployment. Specifies that the district board may collaborate with any bargaining organization representing employees of the district in determining whether to complete evaluations for the 2019-2020 school year. The reason for such necessity is to minimize the disruption to tax compliance efforts during the COVID-19 disease outbreak. Therefore, this act shall go into immediate effect."

The motion was __________ agreed to.

SYNOPSIS

Tax compliance mitigation

Sections 1, 2, and 3

Expressly authorizes the Tax Commissioner to extend state tax filing and payment deadlines for the duration of the Governor's COVID-19 emergency declaration and to waive associated interest and penalties for taxpayers affected by the emergency. Also applies to school district income taxes, municipal income taxes administered by the state, and certain fees administered by the Department of Taxation.

Specifies that, for municipal income tax purposes, employees who must report to a temporary worksite (including their home) during the emergency period, or within 30 days thereafter, are considered to be working at their otherwise principal place of work (which, by law, is where the employee reports for work on "a regular and ordinary basis"). This affects which municipal corporation the employer must withhold income taxes for, which municipal corporation may tax the employee's pay, and whether and how much of the employer's own
income is subject to a municipality's income tax. (Under current law, an employee may work in a municipality for up to 20 days per year without the employee becoming subject to that municipality's income tax and the employer becoming subject to that municipality's tax withholding requirements. And, if an employee does not exceed the 20-day threshold, that employee's pay is not counted toward the business's payroll factor, one of three factors—along with property and sales—that determines whether, and the extent to which, an employer's own income is subject to the municipality's tax on net profits. See R.C. 718.011, 718.02, and 718.82.)

The board shall deliver the ballot by mail, except as otherwise provided in division (D) of this section and except in the case of an elector whom the board assists in casting the elector's ballot in accordance with section 3509.08 of the Revised Code. (D)(1) Only the following electors may apply for and cast absent voter's ballots in person at the office of the board of elections on April 28, 2020, not later than 7:30 p.m., instead of applying to receive those ballots by mail:

Each board shall have at least one such machine or device available for use at the office of the board.

(b) An elector to whom division (C)(1)(a) of this section applies and who is unable to receive mail at the place where the elector resides or at another location.

(2) Ballots received by mail at the office of the board after 7:30 p.m. on April 28, 2020, and not later than May 8, 2020, are eligible to be counted if they are postmarked on or before April 27, 2020, and are not postmarked using a postage evidencing system, including a postage meter, as defined in 39 C.F.R. 501.1.

(3) Ballots cast by uniformed services and overseas absent voters that are received by mail at the office of the board after 7:30 p.m. on April 28, 2020, and not later than May 8, 2020, are eligible to be counted if they were submitted for mailing not later than 12:01 a.m. at the place where the voter completed the ballots on April 28, 2020, regardless of whether the ballots are postmarked.

(F)(1) If the election officials find that the identification envelope statement of voter containing absent voter's ballots for the March 17, 2020, primary election, or for any special election held on the day of the primary election, is incomplete or that the information contained in that statement does not conform to the information contained in the Statewide Voter Registration Database concerning the voter, as described in section 3509.06 of the Revised Code, the voter shall provide the necessary information to the board of elections in accordance with that section not later than May 5, 2020.

(G) The boards of elections and the Secretary of State shall complete the unofficial count, the canvass of the election returns, and all other post-election procedures with respect to the March 17, 2020, primary election, and any special election held on the day of the primary election, on the dates provided in the Revised Code, except that each deadline shall be calculated by adding 42 days.

(H) For the purpose of the contribution limits described in section 3517.102 of the Revised Code, the date of the 2020 primary election is March 17, 2020. However, the statements of contributions and expenditures required to be filed under division (A)(2) of section 3517.10 of the Revised Code after the primary election shall be filed not later than 4:00 p.m. on June 5, 2020.

(I) In implementing this act, the Secretary of State shall proceed as though the Department of Administrative Services has suspended, under section 125.061 of the Revised Code, the purchasing and contracting requirements contained in Chapter 125. of the Revised Code that otherwise would apply to the Secretary of State.
